

## CONTENTS

Title	Page
Effect of Pre-emergence Herbicides on Control of Weeds in Groundnut. <b>V. M. Bhan and Megh Singh</b>	62
Herbicidal-Cum-Cultural Weed Control Studies in High Land Rice. II-Effect on weed growth <b>Anirudha Misra and N. C. Roy</b>	68
Studies on Post-emergence application of different formulations of 2, 4-Dichlorophenoxyacetic Acid for Weed Control in Sugarcane <b>H. S. Gill, Onkar Singh and C. N. Babu</b>	76
2, 4-D effect associated with the Anatomical Changes in killing <i>Chenopodium album</i> L. <b>Ashwani K. Srivastava and Vijay K. Sharma</b>	84
Effect of sodium arsenite and maleic hydrazide on the linear growth of seedlings of some weeds <b>S. N. Khosla</b>	88
Physiological and enzymological effects of some weedicides on excised cotyledons of <i>Tephrosia purpurea</i> . <b>Shyam Kathju and M. N. Tewari</b>	92
Chemical control of <i>Cyperus rotundus</i> L. <b>S. N. Khosla and C. K. Atal</b>	95
Tolerance of <i>Azotobacter</i> to some herbicides <b>K. C. Misra and A. C. Gaur</b>	99
Survey of Major Distribution of Weed Flora in Four Field Crops at Bhubaneswar Area <b>G. K. Patro</b>	104
Studies on Residual Persistence of Herbicides in Red Soil <b>D. G. Chandra Singh, and I. V. Subba Rao</b>	112
Ecological studies on Crop area Weeds in India-A Review <b>Vinod Shankar</b>	120
First all India workshop on Crop Protection	
Summary of weed control session	130
